ANDREW RODGER COMMITS SUICIDE BY BLOWING OUT BRAINS

WARNING IS HEEDED BY TENEMENT OWNERS

Health officer C. R. Blake announced last evening that a number of the rooming house and tenament owners of the city who failed to conform to the law in regard to securing permits from the health office who were brought to the attention of the District Attorney's office, are now rapidly making out their applications and straightening out the situation.

The health laws of the state require that the buildings be investigated as to sanitary conditions and air space before the permits are granted. This had all been done in accordance with the regulations but though the tenement owners were informed on several occasions of their duties, they failed to respond until strenuous measures were taken.

The permits were to have been issued on the first of the present month.

When stricken this morning an ambulance was summoned and Daley was taken to the San Francisco Sanitorium where efforts to save his life proved fruitless.

The San Francisco hospital called Smallwood's undertaking parlors on the long distance telephone and asked that Daley's relatives be informed of his death.

Deceased was thirty years of age and was survived by a wife who is visiting relatives in a small town in Merced county near Merced. Funeral arrangements will be made as soon as word is received from the relatives in Merced.

AND HERE'S ANOTHER ONE!

(It beats the band how these Richmond folks like to get out of town to "Make knots" in their buzz wagons. Yesterday we gleaned from the Columns of a Modesto exchange an account of Dr. C. L. Abbott playing the role of Barney Oldfield. Today it is none other than Attorney T. H. DeLap who has set the asphalt ablaze in the same village.)

DESPONDENT BECAUSE HE FEARED HE HAD CHRONIC KIDNEY TROUBLE TAKES OWN LIFE AT HOME TODAY

Andrew Rodger, sixty years of age, a resident of this city for fourteen years, committed suicide at 11 o'clock this morning at his home at 159 Nineteenth street by blowing his brains out with a small revolver.

Neighbors state that a double tragedy was barely avoided by the presence of mind of neighbors who rushed to the scene shortly after the shot was heard. Mrs. Rodger, who has been a bride for but one year, was in the home at the time he shot which killed her husband was fired by his own hand. She had lately returned from a trip to Placer county and brought her mother back with her. The neighbors state that she was prostrated with grief at the tragedy and scarcely conscious of her own actions rushed about the home demanding the revolver. It is believed that she would have taken her own life immediately had it been possible for her to secure the revolver.

Despondency caused by the belief that he was sufffering from an attack of kidney trouble which he feared would be permanent to have been the cause of Rodger taking his life. Two physicians who were in attendance on Rodger for several weeks past state that his illness was not serious and was in no danger of becoming chronic.

Rodger's present wife was his third. He is survived by two children from his first wife and two from the second, Thomas of San Francisco, who is employed by the Wellman Peck Wholesale grocery company, and Mrs. Allen Goldsworthy of Roseville, Placer county California.

The remains are at the Smallwood Undertaking parlors. The funeral will be held at St. Mark's catholic church Monday morning at 10 o'clock. Interment will be made in St. Joseph's cemetery.

THAT $24,000 DEAL

Twenty four thousand dollars is a lot of money—especially in these days when a salary which does not involve the necessity of going into debt for the every day necessities of life is considered something for which to be thankful. Yet a San Francisco woman had enough confidence in the future of Richmond Real Estate to pay that amount the other day for several lots in a section of the city which is not yet fully developed as some other districts.

The significiance of a transaction of this sort is not apparent on the surface. At first we merely take casual cognizance of it as a "pretty big deal" and then forget about it. But it means something more than this. It means that the ice has been broken and that other deals perhaps just as great will be handled during the year 1916. It means that the real estate boom which made the city of Richmond was not an empty bubble but an awakening, to the fact that a city with a great future had been born in a locality with resources and when twenty four thousand dollar real estate transfers take place it means that money in Richmond means returns and big returns.

GIVE EXHIBITION OF NEW LIFE BELT TODAY

Captain H. Mills and Joe Gardner will give an exhibition of the virtues of the new life belt which has been invented by the former at the foot of Third street in Cutting Canal this afternoon at 2:30 o'clock.

Many exeellent qualities are claimed for the contrivance by its inventor who states that it can be used for a pillow and that in case the vessel sinks the passengers would have the protectors easily available.

The Santa Fe Company is said to be contemplating the placing of a large order for the belts for the purpose of installing them on their ferries.

The belt is to be used in making a swim from the Oakland municipal wharves to the Oakand mole next month.

Some pive according to their means, others according to their meanness. A luxury ceases to be one when we can afford it.

VAUDEVILLE AT RICHMOND

A vaudeville bill of varied attractions will be shown at the Richmond theater today. The program is topped by a spicy playlet entitled "Headlinered" with the comedy "Birds of a Feather" which comes direct from the Empress theater at San Francisco.

The playlet is chuck full of wholesome laughter and should prove a big feature.

Dreano fb. Goodwin, novelty entertainers, dancers, singers, talkers and acrobatic work are the most versatile team that has been signed for the local playhouse in many weeks. Musical Benson, the eccentric musical wonder and one of the most popular men in his line now on the stage is another attraction that promises much.

George Nagahara, the Japanese novelty actor has an ofefring that is "different" from anything that has been seen here. "Courage and The Man" is the feature picture with shorter reels and some funny films.

The first step is often so expensive that one can't afford to take the second one.

Dependability

We are as much interested in any article you buy here, after you have bought it, as we were the day it came into our store.

We do not consider our responsibility at an end when an article is sold, but feel that every article that we sell, whether it be a diamond ring or a Big Ben, must give satisfaction and be just as we represent it.

This policy is bringing us new customers daily. Are you one of them?

BOXING NOTES

Jerry O'Keefe the undefeated harp, whose showing surprised the ringsiders at Maple hall Friday evening, as after Frank Lucher, the Oakland crackerjack Jerry has requested Promoter Morris to pit him against any of the best boys now appearing before the public Lucher preferred.

Should Lucher refuse or evade the issue Jerry bars no one of the coast. The local boxing bugs are anxiously awaiting the outcome of the negotiations.

Morris states that as soon as the local situation warrants it the best boys about the bay region will be brought here for the semi-monthly shows.

Jack Morode, the local middleweight, who packs a kick like a mule in each hand, will be matched with an opponent who will test his mettle.

Jimmie Duffy, whose class is keeping him from matches has accepted Jimmy Kirkwood's terms as to weight and it is highly probable that this will be one of the features on the next card.
